Attorneys, Office of General Counsel

FROM

: 
Assistant General Counsel

STAT

SUBJECT

: S.2525 - Proposed Intelligence Charter
Legislation - Title IV, CIA - Revision

Attached is a revised version of Title IV, the proposed CIA charter of S.2525 which is the result of our comments and discussions with the staff of the Senate Select Committee on Intelligence and is in many respects a substantial improvement over the provisions of the bill as introduced. This revision, when finalized, will form the basis for a reintroduction of the charter legislation package in the next Congress. Would you please request that responsible officials within each of your jurisdictions review this revision and furnish their comments to me on or before 16 August in order that areas of continuing concern may be discussed further with the SSCI staff.
